

'Challenge Questions' Experiment

Note

- This experiment is NOT a requirement of your class and is strictly voluntary; you can choose to not participate, to not provide some of the information, or to withdraw at any moment.
- This experiment is anonymous; DO NOT submit your name, or other identifying information.

Instructions

1. You're invited to visit this web site to complete a short survey. It should take about 5 minutes.

Web site: <http://tinyurl.com/Biology2009/>

Your Anonymous Identification Number is _____

2. As instructed at the web site, once you complete the survey, you will be asked to seal this page in the envelope provided until Stage 2 of the experiment (10-14 February 2009).

Your Answers

As part of the survey at the web site above, you will be asked to record some information ('Your Answers') in the table below. This information is required for Stage 2 of the experiment. By writing the information below (rather than submitting to the web site), the privacy of this information is protected.

KEEP THIS PAGE FOR YOURSELF

(Seal in envelope provided AFTER completing Stage 1 of the Experiment)

Label	Question	Record Answers Below
Question 1	To be entered at web site.	
Question 2	To be entered at web site.	
Question 3	To be entered at web site.	

YOU WILL NOT BE ASKED TO SUBMIT THIS INFORMATION

Questions or Issues?

Should you have any questions related to the experiment, or issues with performing the experiment, you can email Mike Just at mike.just@ed.ac.uk

However, in order to preserve your anonymity in the experiment, please DO NOT email any information specific to the content of your survey. I will not share your email address with anyone.
