

Invitation: Experiment with School of Informatics

- The experiment will help us build better authentication solutions
- How it works
 - You're receiving an envelope with a handout today
 - Follow instructions on handout to complete short online survey
 - Some information entered online – some entered on handout (you keep handout)
- There are 2 Stages – each takes approximately 5 minutes to complete
 - Stage 1: Open from now till 12pm, Saturday 17 January 2009
 - Stage 2: Open from 10 Feb till 12pm, Saturday 14 February 2009
 - Email reminders will also be sent to the class for both Stages
- Several small **prizes (!!)** to be awarded to randomly selected participants (24 Feb)
- Experiment is **voluntary**, and not a requirement of this class
- Participation is **anonymous**, so no identifying information is collected
